## ABOUT **BINLI**

China Binli Bathroom Equipment Co., Ltd. is a large-scale company specializing in development, production, sales and service. The company's products cover ceramic sanitary ware, bathroom cabinets, hardware faucet showers and leisure bathroom wares.

Since its establishment, The company has adhered to the management philosophy of "people-oriented, pioneering and innovative", taking talents as the entry point for all work, taking "Innovation" as the source of enterprise vitality, attaching importance to the construction of hardware equipment of enterprises, and paying attention to the application of scientific management methods. Committed to creating high quality bathroom products. At present, the company has a ceramic research and development center and a number of patents for kitchen and bathroom.

BINLI has always adhered to the business tenet of "integrity cooperation, mutual benefit and win-win", and strives to build the enterprise into an operating entity with satisfactory employees and customers.

# 3D RIMLESS FLUSHING

3D Rimless Flushing specializes in "nowhere for germs to hide". It can effectively prevent left over when male urinate, keep the inner surface clean and sparkling ceramic surface with one wipe.

No flush rim—nowhere for germs to hide. Without a flush rim, there is no hidden, hard-to-reach places where germs, bacteria, dirt and deposits can accumulate.

Easy to clean. A clean and sparkling ceramic surface with one wipe.

## Tornado Flushing

Tornado flushing mode specializes in "continuous swirling back". It can get rid of waste easily, keep the inner surface clean and save water greatly.

## Rimless Flushing

The new Rimless flush system, Next flushing systems come with visible edges and use only a small amount of water, leaving no space for dirt and bacteria to form. This makes it extremely quick and easy to clean. Flushing and perfect cleaning are assured with just 4.5/3 litres of water.

## Washdown Flushing

The water is ejected from the water distribution holes around. With the help of strong water flow impulse, the sewage can be washed away quickly and the sewage discharge capacity is strong.

## Soft-closing Seat Cover

Slow seat cover technology can reduce the noise, collision and breakage of the seat cover when it is closed.

## Easy Detach

The system of quick release hinges

The new quick-release hinges allow removing the toilet seat with a simple and quick gesture thanks to special hinges fitted with side buttons. In fact, the seat can easily be disengaged from the guides by simply pressing both buttons and pulling it upwards. The two hinges can then be brought back to the locked position by replacing them on the guides and pushing downwards.

## Comfortable Height

The seat height conforms to the ergonomic design. Sitting for a long time will not make your legs numb, bringing a more comfortable use experience.

# BIVLI

Intelligence doesn't need to be disguised. Details are integrated into personality. In pursuit of the brilliant waves in the sea, we must hold the bright lights in our dreams.

# PRATO

Series

We pay more attention to the inner spiritual world and needs through the ultimate refinement of life quality. Quality, comfort, modernization and unique personality become our design concept.

TO DESIGN AND  
CONSTRUCT THE RICH  
VITALITY OF BATHROOM.

We express high quality,  
simple and comfortable life attitude with  
better raw materials and simpler design style,  
which makes the bathroom space more performing.

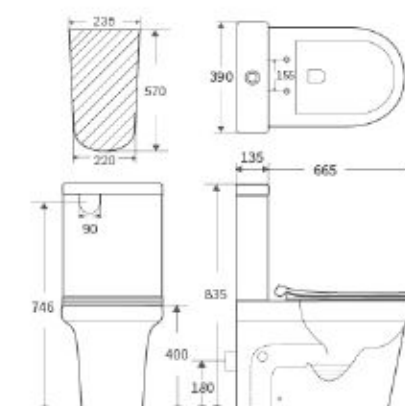

Clean lines, simple and functional. Return to the original heart and nature. It is easy to deduce the beauty of luxury and create a space for people's infinite aftertaste.
